PROYECTO HERMANAS

Chardonnay 2020

STORY

Proyecto Hermanas is like throwing a question into the air in order to challenge traditions, but, at the same time, respecting them and establishing our own legacy from Mendoza through a new line of work. It is our personal search for style, dreaming of a path to walk together and bring closer the geographical distances that separate us.

It's an opportunity to miss each other less, laugh at our differences and join forces with nature. There is not an exact reason behind this project, just amusement with the results.

Sofía & Lucila Pescarmona, third generation vintners
