Organic

MALBEC 2018

Seductive, honest and elegant wines with minimal wine making interference in the cellar in order to preserve their natural identity and freshness. In each bottle, we honor what nature offers us and with responsible and proactive practices, we maintain a historical commitment with the environment and our community, always bearing in mind the future generations that will continue our legacy.

STORY

The fruit that give life to these wines come from our century old estate in Mayor Drummond, located in Luján de Cuyo, where the winery is located. In this vineyard, planted back in 1906, we always worked sustainably, but in 2015, we officially began the process to certify organic.
